INFORMATION & AGREEMENTS FOR CARE OF ANIMALS

The primary system in the body which coordinates health is the nerve system. The vertebrae, bones of the spinal column, surround and protect the delicate nerve system. Injury to the spine and nerve system is a condition called vertebral subluxation. Vertebral subluxation results in nerve malfunction due to vertebral/spinal misalignment. Vertebral subluxations can have physical, emotional and chemical causes and effects.

There is no certification or licensing board for the practice of chiropractic with animals. There is extensive instruction relative to care for animals throughout the chiropractic profession. Our interests are to offer a humanitarian service to allow animals to be free of vertebral subluxations.

We do not diagnose, treat or offer a cure for any disease. We do not, in any way replace a veterinarian or claim to offer recommendation or referral for any health condition.

The professional service of our office is primarily for humans. As such, we ask your cooperation with the following:

- Animal adjustments are offered on **Monday, Wednesday or Fridays at 12:30 pm** and on **Monday or Wednesday evenings at 6:30 pm**. You may be asked to wait until the last person in the office has been cared for. Please note any schedule changes at the front desk or on our website.
- When you arrive please keep your pet in your car and come into the office and let our staff know that you are here. They will instruct you as to where and how soon you will be seen.
- Please do not bring your pet inside of the office. You may wait outside in the parking lot. Smaller animals may wait on the front deck or in the outer vestibule.
- Please understand some people do not like animals or are fearful of them. Keep your pet under complete control. Please be attentive to the concern of others and of other animals here for care. In the same regard, many children in our practice love to pet the animals. If you have a concern, please tell us.
- Should your animal need to relieve him/her self, please have him/her do so on the outskirts of our property in wooded area. Please be respectful of our landscaping. We have a "pooper-scooper" available near the front steps if you require one.
- We have a unique practice. Even within the chiropractic profession, our intent and purpose is unique. As such, we require that you become informed about our service. Please schedule one Self Care Workshop (SCW) early on in your animal's care. These workshops are held here on select **Wednesday evenings** from 6:30-7:00 pm. Dates are available at our front desk.

FINANCES

In exchange for the care of your animal, the first visit is **\$200.00**. Please make your check payable to Peter Kevorkian.

I understand and agree to all of the terms stated above.
